

Professional 102 Active Oil

Universally applicable active oil with TUNAP adhesive quality for lubrication of components. Especially suitable for fast rotating parts - for example to make joints, hinges, cables and bolts workable.

Properties

- ✓ Very good lubricating properties
- ✓ Sticks very well
- ✓ Reduces friction and wear
- ✓ Free of resin, acid and silicone
- ✓ Non-skid on fast-rotating parts
- ✓ Odourless

Application area

- ✓ Long-term lubrication for precision parts
- ✓ Lubricates door locks, locking cylinders, locks, hinges, bushes, chains
- ✓ Stops squeaking and creaking and lubricates everything that is seized or jammed
- ✓ Cleans and maintains plastic and metal parts
- ✓ Loosens rusted bolts, screws, nuts and joints
- ✓ Prevents corrosion on metals and electrical assemblies
- ✓ Penetrates and displaces moisture in areas of electrical and electronic systems

Instructions

Spray parts to be cleaned or protected.
