Product Information

microflex[®] 989 Injector Direct Cleaner

Reliably cleans injectors with ROA² technology in the event of fuel-related deposits. When used at every inspection, the Injector Direct Cleaner provides enhanced performance and significantly reduced exhaust emissions. When added to the fuel tank, the fuel is proven to remain within the DIN EN 590 fuel standard.

ROA² technology: The cleaning formula for engine efficiency and improved performance

- ✓ Deposits on injectors are broken down and cleaned away
- Excellent dissolution properties in all (bio-)diesel mixtures
- ROA² level 2: Ideal for heavy contamination

Properties

- In case of fuel-related contamination, it returns fuel consumption and emissions values to the level expected of new vehicles
- ✓ Improves combustion and thus reduces particulate emissions (Euro 6)
- \checkmark The fuel is activated and acts in the injection and combustion chamber area
- ✓ Suitable for all (bio-)diesel mixtures

Application area

- ✓ For all common rail and pump-nozzle systems
- ✓ For safeguarding overall fuel quality
- ✓ Suitable for all (bio-)diesel mixtures

Instructions

Add Injector Direct Cleaner directly into the fuel tank. Use the filler neck to do so. Sufficient for up to 80 litres of fuel. Lower filling volumes improve cleaning performance (min. 10 litres of fuel). Suitable for all bio-diesel blends (EURO 6).

Dosing

300 ml: Sufficient for up to 80 litres of fuel. 500 ml: Sufficient for up to 150 litres of fuel.

950 ml: Sufficient for up to 300 litres of fuel.

Product Description	Contents	Packaging Unit	Article Number
Injector Direct Cleaner	300 ml	12 PCS	MF98900300A
Additional accessory		Packaging Unit	Article Number
Diesel Fuelling Hose Filler Neck		1 PCS	111304
